Key Features

4K UHD / HD1080p camera

4K UHD (VA4K) camera stream to record and capture vivid video with the most exciting details.

Built in microphone and Speaker

The high-fidelity Omni-directional microphones offer the best voice pick up in the radius of 4m. The full range speaker system improves voice clarity while limiting sound transmission to adjacent spaces.

Plug & Play + Compatibility.

Compatible with Zoom, Skype for business and OBS Studio.

Recommend using Zoom, Polycom, Microsoft Lync, CISCO WebEx and skype for business as the conferencing software. Also, since its **plug and play**, just simply connect it to computer or your laptop through USB, then choose a video conferencing software, such as Zoom or Skype for business, and you're good to go.
