

GroupThink Harmony

Setup Guide

Step 1

Unbox packaging and unpack the unit from the box and standby all peripherals

Step 2

Prior beginning read and understand the **user manual** for more understanding of the device.

Step 3

Gently remove the content and wrapping from the box and set aside.

Step 4

Plug in the USB 2.0 Micro-B 5 Pin cable to the Full HD camera.

Step 5

Connect the other end of **USB 2.0 Type A** cable to the laptop/PC in use and the device is ready to be use.
